Mr. Griswold two months since an nounced to the Directors his intention to decline a re election as President of the Road, that the Company might select a successor; and Mr. Jno. Ingle, jr., had been indicated as the gentleman best qualified to succeed him. At the meet ing yesterday an almost unanimous wish was expressed-in consideration of the present deranged state of business, and the severe financial difficulties that per vade the country, which must, of course, create more or less difficulty in the management of every road—that no change should be made in the board of officers.

Mr. Griswold was urged to retain his former position for another year in which solicitation his proposed successor earnestly joined. And Mr. G. reluctantly consented to a re-nomination, and was unanimously re-elected. The company have thereby secured his valuable services and counsel for another year, and with the active and efficient support of Mr. Ingle as superintendent, and Mr. Martin as financial agent, all will be done for the prosperity of the road that under the embarrassing circumstances of times can be done.

The Packet Line. F. Y. CARLILE, Esq. :- There are complaints made almost every trip of the Done, that some of our merchants, or their shipping agents, ship their freights by transient boats, and do not reserve it for the packet. This practice is destructive of our Evansville interests; for we cannot sustain this packet line unless we all lend it our aid. Railroads on the North have deprived us of our old trade, and we must seek to make it up elsewhere. We must cultivate the Lower Ohio, which now offers fair returns for such caltivation. This packet line is our first step in that direction, and it must be sustained. If we sustain a semi-weekly boat it will very soon grow up to a daily line, and will bring ures. Confidence is being restored. Stocks us more trade and travel than either our improved 568 per cent. Money more freely canal or Railroad now brings us. This ought to have been our first step after the completion of our Railroad to Terre-Haute. Had we then spent \$50,000 in steamboats, for the Lower Ohio, and worked for their success, we should have advanced our own home interests four fold that amount. It is not too causes no excitement, as it has been expected late yet ; let us therefore give the packet the last mouth. Done, and Capt. Professional Visit.

Dr. J. WHITE is now at the National Hotel, in Owensboro, and will attend to calls till the first day of November next. His treatment of a large number of cases during his stay with us last Spring, has been emi-nently successful and should commend his s'till and remedies to the early attention of every one afflicted with chronic diseases for a hundred miles around us.

From the National Democrat. Time will not permit Dr. WHITE to visit the towns and districts on and bordering the Ohio river which he visited last winter and spring; and he hopes his patients at those places, if any are not fully restored, will call on him at this central location, (Owensboro as well as others who would make one more

great effort for the enjoyment of life. Testimonial like the following from our best citizens are exceedingly creditable to Dr. White's judgement, skill and remedies-as the National American justly remarks-"should commend his skill and remedies to the early attention of every one afflicted with chronic diseases for a hundred miles around us.

DAVIESS COUNTY, KY., Sept. 15, 1857.

Editor of the National American: DEAR SIR: It was in your office last Spring. that I fortunately became acquainted with Dr. J. White. I had been deeply afflicted. The shipment of treasure by the Senora, region of the country. In fact, my physi-which connected with the Central America, cians, my family, and every one acquainted with me considered the diseases so complicated and deep seated that they were beyond the reach of all remedies. When I met with of base of the brain, spine, heart, liver kidneys, spleen, incipient diabetes, habitual costiveness, and very aggravated dyspepsia .--To use Dr. W.'s words, on his examination of my case, I had not a particle of healthy substance in my whole organism. Without apparent ematiation, my whole system was involved, and in a state of rapid decay; no blood appearing to the surface more than in a person deceased. Most of those deeply afflicting diseases are now removed, with every prospect that all will soon be entirely eradicated. In fact. I feel now as well as I ever did in my life, except occasionally a little debility when I imprudently over-exert myself on my plantation or otherwise, occasioned perhaps by some injury or difficulty in my foot, which Dr. W. has not, till now, prescribed for. The speedy and unmistake able good effect of Dr. White's remedles prove clearly they are all that is claimed for them, and well worthy the high estimation in which he and others hold them. I feel that I would neglect my duty to the afflicted. were I to withhold this intended meed of ustice to Dr. White for his skill and inestimable remedies employed in my case. Please give this testimonial to the public. JAMES MCKEE. and oblige yours,

Erysipelas, Scrofula, King's Evil, Tetter, Tumore, and Salt Itheum. From a Forwarding Merchant of St. Louis, Feb. 4, Fot. Dr. Ayer: Your Pilisare the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long and grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

Rheumatism, Neuralgia and Gout. From the Rev. Lr. Hawkes, of the Methodist Episco pal Church. PULASEI HOUSE, Savannah, Ga., Jan. 6, 1856, HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold scaled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of phy-sicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow

fever and acue,

A ND the various affections consequent upon a dis-STOMACH OR LIVER, Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heart-urn, Loss of Appetite, Despondency Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others affected decided cures.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor Borrhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American nublic, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and in fact, infusing new health and vigor in the system.

NOTICE—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION: Costiveness, Blind and Bleeding Piles. In all Nerv-

CAUTION! The great popularity of this delightful Aroma has in-duced many imitations, which the public should guard against purchasing. Be not persuaded to buy any-thing else until you have given Borrhave's Holland Eitters a fair trial. One bottle will convince you how initially superior it is to all these impations.

Ague and Fever, or Chills and Fever CURED BY SMITH'S TONIC SYRUP HIS justly celebrated medicine has for many years maintained its superiority over all other remedies, for the safe, certain, speedy and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long standing; and in no case will it fail to cure, if the directions are strictly followed and carried

This remedy has been extensively used throughout the States of Kentucky, Tennessee, Ohio, Indiana, Pennsylvania, Michigan, Iowa, Wisconsin, Illinois, Missouri, Texas, Argansas, Alabama, Mississippi and Louisiana, and has permanently cure; over one MIL-LION cases, in all its varied forms, many of which had been of from one to three years' standing, and had resisted all the usual remedies known in the country;—and in no case did this medicine fail where the directions are cased for the standard and had been of the country. and in h5 case did this mentione fail where the direc-tions were properly followed. Such is its invariable success, that a large number of respectable practition-ers of medicine in various parts of the country use and prescribe it in preference to Quinine and all other rem-

that frequently follow its incantious use. These contains no mercury or mineral substance whatever.

The public are assured that it is not only certain in its effect as a Tonic, but being composed entirely of vegetable medicines, is perfectly innocent in all cases or circumstances, and may be given to females, infants, and all persons of debilitated and delicate constitutions, without the least lear whatever of any unpleasant effect.

This medicire is composed of articles of the primest and purest quality, and is always made by the proprietor in person, after the established forms of pharmacy. and purest quality, and is always made by the propertor in person, after the established forms of pharmacy, (which cannot be said of the many tonics now flooding the Western and South-western country.) and in this respect alone is rendered greatly superior to the remedies usually prepared and sold in the country.

By its aperient and powerful disphoretic properties, added to its tonic qualities, it is rendered eminently superior to Quinine and other remedies as a general and p. putar tonic, in ah cases whatever where tonics are proper to be administered. The proprietor, therefore, respectfully invites practitioners and the public generally to rive it but a fair trial, and they will then be convinced of its great superiority over all other remedies now in use for the purposes specified.

Persons living in districts of country subject to Ague and Fever, Chills and Fever, or Bilious Fevers, would do well to keep a supply of this valuable remedy always on hand.

The proprietor has now in his possession thousands of certificates of its value, given by persons who have used it, with many letters from merchants who have used it is practitioners who have used it is practitioners who have used it in preference to other remedies, attesting its value.
